STAT

MEMORANDUM FOR: [REDACTED] Office of Legislative Counsel

STAT

FROM : [REDACTED]
Assistant General Counsel

SUBJECT : S. 2525--Proposed Charter Legislation - Title II -
Restrictions - Issues Paper

Attached is a paper which attempts to identify the bulk of the "issues" which appear to be presented by Title II of S. 2525, the proposed intelligence charter legislation. I am furnishing this to you in order that it might be circulated to appropriate offices within the Agency for coordination as soon as possible. We should allow as much time as we can for those offices to review this paper and Title II, especially since they will be called upon shortly to review a similar paper on Title I, and since we are under a 28 March deadline for submission to the D/DCI/RMS of coordinated papers on all the titles.
